

Keep Membership Dues Down!!!!

The PSI Officers and Board Of Directors are looking for members to volunteer time to help maintain the club. Only with the help of the membership can PSI survive. With the rising cost of services the Officers & BOD prefer to ask the membership for assistance rather than consider an increase in the membership dues to cover these rising expenses.

We need members to step up and give a little back to PSI. We are looking for any members who can commit time and who are physically able to perform basic maintenance tasks.

Tasks could include:

- Light Carpentry
- Snow removal (roof raking, shoveling, plowing/sanding, etc.)
- Range improvements
- Club House repairs
- Seasonal clean-ups
- Miscellaneous tasks as needed.

Any members who are willing and able to dedicate time to keep the club running please contact Chris Currier.
